

Count of movies by popularity

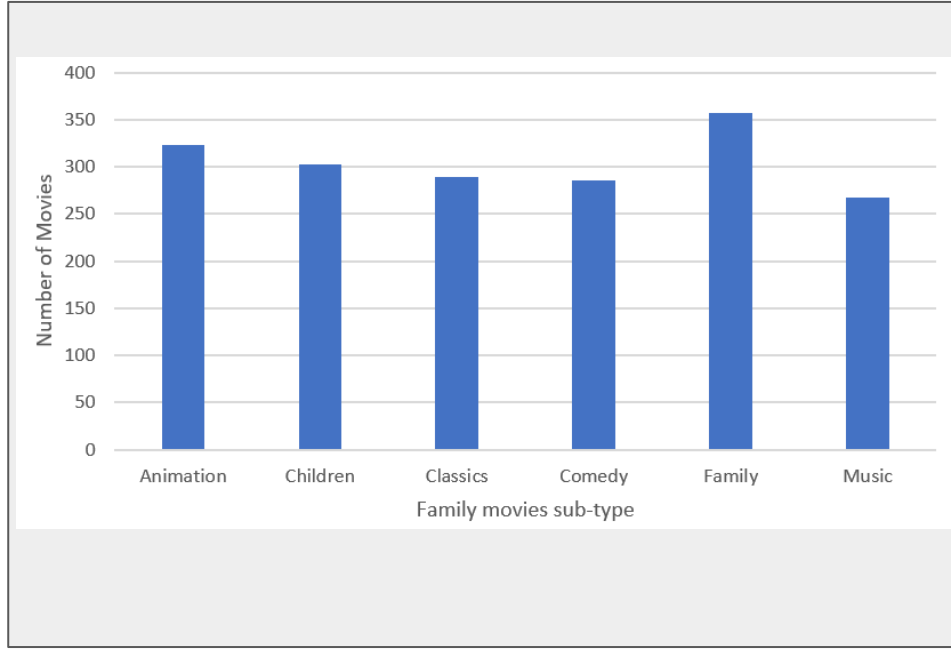

Can interpret that the majority of movies can be considered as "Not popular movies" depends on the pre-set strict conditions of either the rental rate or rental duration. Almost only 1/8 of the total number of movies were "very Popular movies".

Top ten most rented movies

We noticed that the top rented movies as per the chart on the left with "Bucket Brotherhood travel" getting number one most rented movie.

Family film type by rental duration

This chart helps in identifying rented family film type by the duration.

It found that all types have similar durations, Music being the least and family the highest in terms of rental duration.

Payment process by staff

This one is straightforward as there is only two staff agents for the rental company, it is obvious that Jon process a total of approximately 1100\$ more than Mike.
